The Task Force Embarks on Initiative to Eliminate Hepatitis B and C

The Task Force for Global Health has launched an ambitious program to eliminate hepatitis B and C, two infectious diseases that affect more than 300 million people and kill an estimated 1.3 million people annually – a higher death toll than HIV, malaria or tuberculosis. More

JOURNAL NOTES

The Task Force for Global Health topped The Chronicle of Philanthropy's latest annual list as the non-profit that raised the most in non-cash gifts in 2017. In-kind donations comprised 97 percent of The Task Force's $2.6M revenue in 2017.

The Atlanta Business Chronicle highlighted The Task Force's new hepatitis elimination program earlier this month. More [subscription-only access]
